

Title	Maritime Collections
Alternative Title	Maritime Collections 2015
Abstract	The aim of this survey was to obtain a general overview of the maritime-related collections in Ireland, to ascertain the location, ownership, condition, overall theme, and nature of the contents of each collection. It is neither an inventory nor a full evaluation of the collections, and is in no way intended to criticize either the collections or their custodians.
Date & Date Type	2005 Survey Date
Point of Contact Details	Beatrice Kelly, Head of Policy and Research, The Heritage Council, Áras na hOidreachta, Church Lane, Kilkenny, Ireland Phone: +353 (0) 56 7770777 Fax: +353 (0) 56 7770788 Email: bkelly@heritagecouncil.ie
Theme	Transport Networks
Topic	Oceans, Transportation, Society
Online Resource	<a href="http://www.heritagemaps.ie">http://www.heritagemaps.ie</a>
Data Quality	Good
Projection system used	ITM
Country	IE
County	All Counties
Body Commissioning Survey	The Heritage Council
Original Survey carried out by	Darina Tully
Survey start	2005
Survey finish	2015
Updates required	As resources permit
Resource purpose	The scope of the survey covered the republic of Ireland. It includes collections of three dimensional objects: seagoing and inland boats; and ancillary objects associated with boat-based activities, such as navigational technology and fishing. Collections of naval and merchant marine memorabilia and collections of shipwreck artefacts are also included. Any infrastructure, collections, or boats immediately at risk were also considered.

Survey method	Field and Desktop survey
Survey limitations	The project methodology used a combination of fieldwork, desk based research, and extensive enquiries and communications with various subject matter experts and stakeholders in the relevant areas. Locations may be inexact/subject to movement or relocation.
Resource -potential uses	Conservation, Preservation, Education, Tourism, Marine Environment Awareness
